

Certificate of Conformance

ULVEN
U.S.A.

May 11, 2007

This certifies that the following "Sea Link" Bolt type Anchor and Chain Shackles are 100% made in the USA.

Size	Working Load Limit	Size	Working Load Limit
1-1/2"	31 Ton	2-3/4"	104 Ton
1-3/4"	41 Ton	3"	117 Ton
2"	52 Ton	3-1/2"	150 Ton
2-1/4"	67 Ton	4"	200 Ton
2-1/2"	82 Ton		

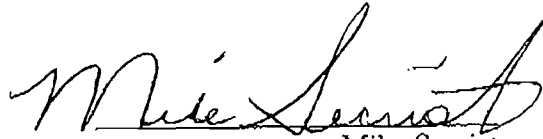

Material: Alloy Steel 4340

Composition (typical) C: 0.38-0.43, Cr: 0.70-0.90, Ni: 1.65-2.00, Mo: 0.20-0.30

Heat treatment: After forging and machining, bales and pins are quenched and tempered.

Safety factor: All "Sea Link" shackles are designed by Sea Link with intended safety factor of 5 to 1. Shackles are stamped with Working Load Limit and "Sea Link", a registered trade name.
